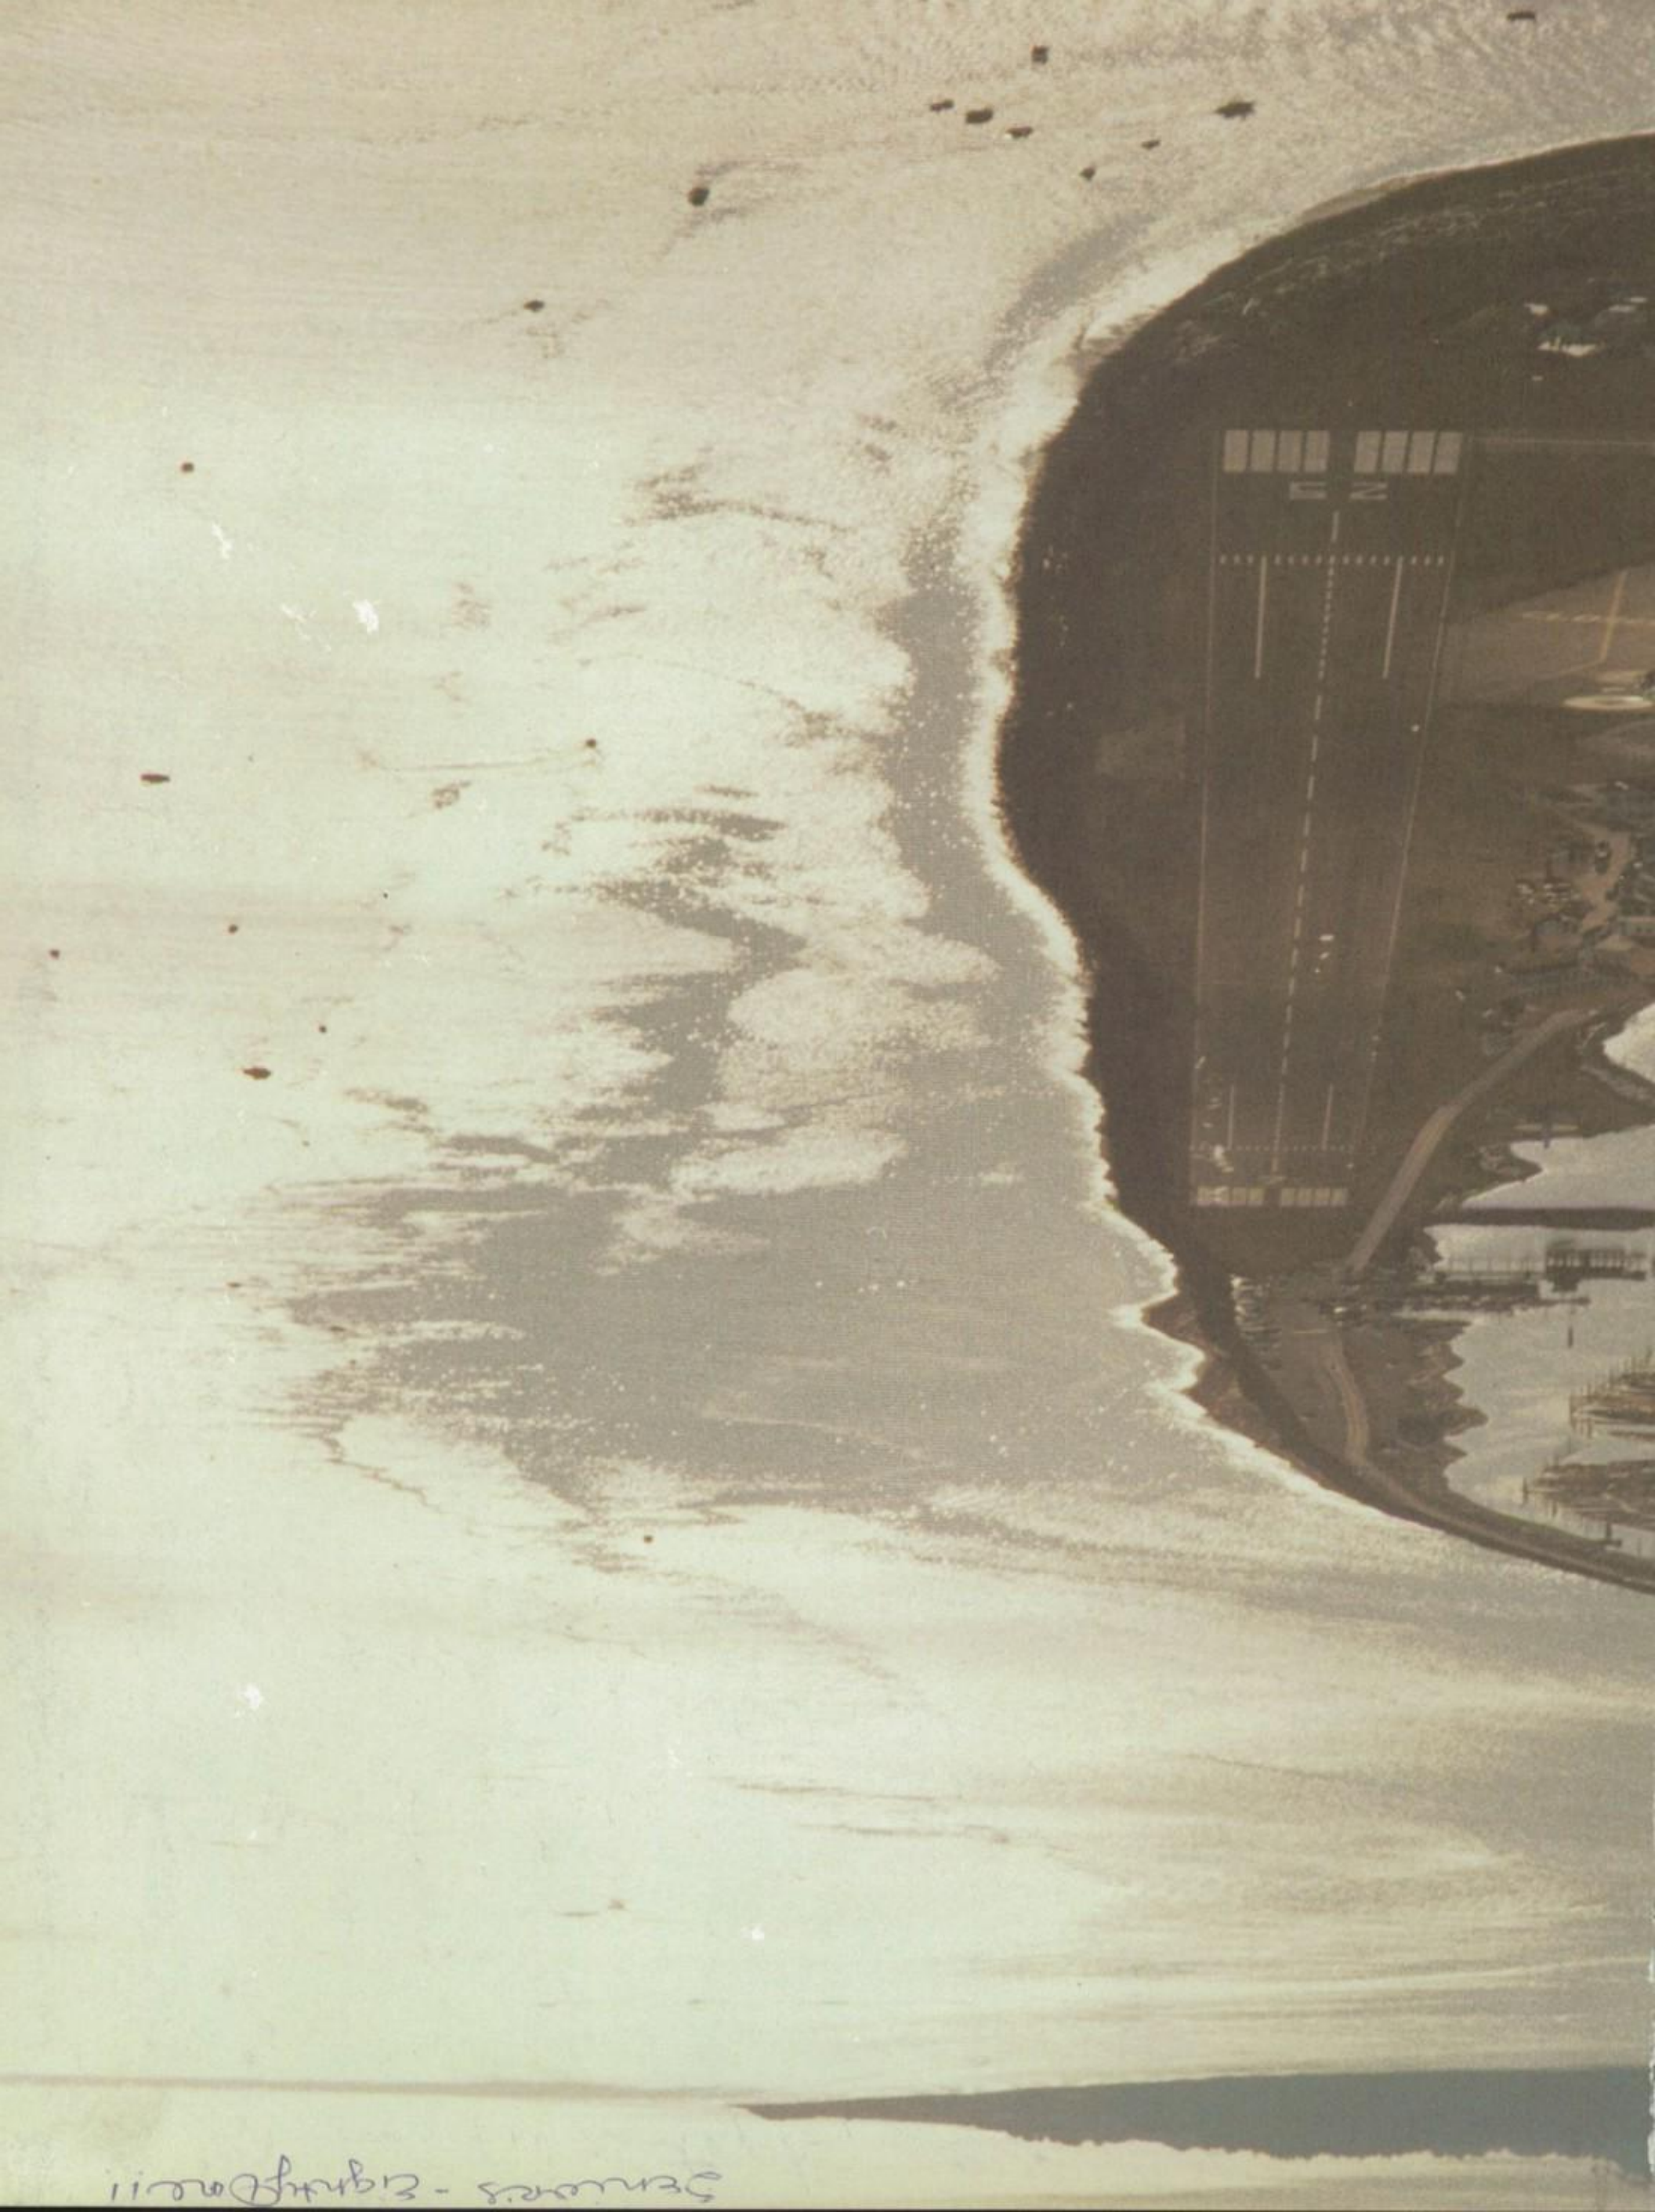
Steph.
Well. this is your last year.
I hope that you've got everything
that you have wanted through school.
Im glad that I got a class with ya
this year. Your a real neat person.
Stay the same Steph. You'll



Hi Steph, well this is your last year, (what a bummer) I'm glad I got to know you, you're a really neat person & fun to be around & hope you have a great summer & try to stay out of trouble. I wish I could have met you sooner so we could have become closer. Maybe we can get together and do some partying, stay sweet & good lookin and always remember me.

"81" okay Love Dave

PORT ANGELES

SCHOOL BOARD

The Port Angeles school board is a vital part of our school system. They are not only outstanding citizens in the community but are involved with the importance of educating younger people.

All the time that these people dedicate to our school system is taken out on their own time and we should be very glad that they are able and willing to help our school. The school board includes from left to right: Don Sleeper, Jim Heckman, Richard McGrann, Frank Thayer, William Serrette, John O'Neill and Kathy Northrup.

The Freshmen Class this year did a really good job! They got their act together and had a really good show for their class meetings.

The majority turned out for the class picture. Ken Simpson did a good job as president and the rest of the officers did their job too! It's people like this year's Freshmen that give the freshmen a better name than they have had in a long time!

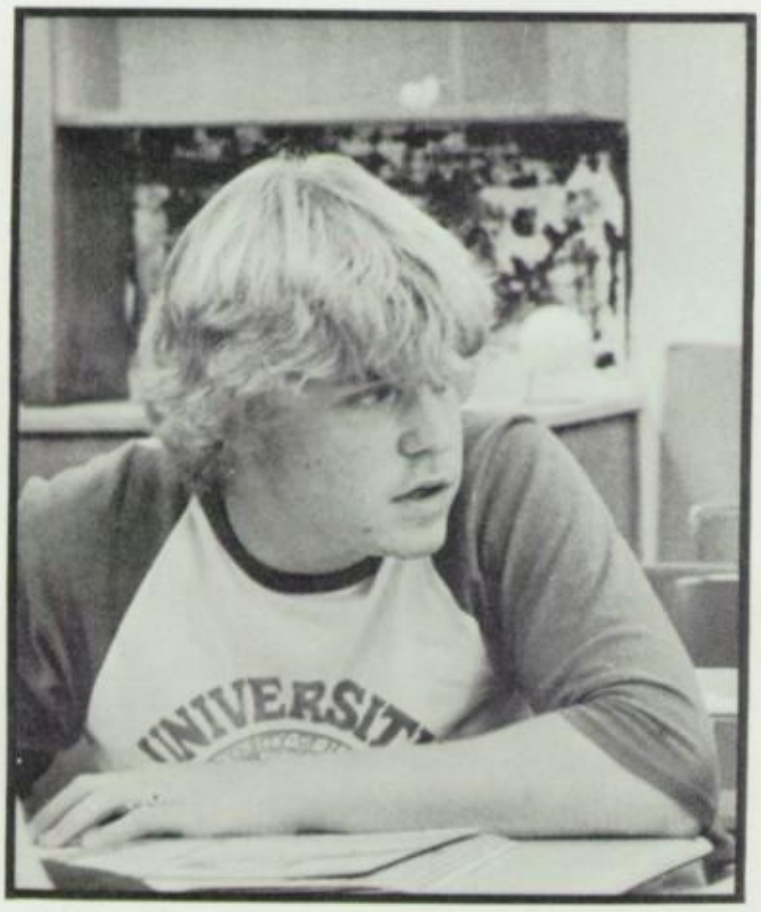
DEPARTMENTS

Math and Science



Although everything seems to be run by calculators nowa days students still learn how to figure problems out. Classes range from basic math to intensified math analysis. is required to take these ususally hated courses but later we will all appreciate it.

This is the second year of the computer science course. Mr. Larry Burtness is the head person in charge and he and his students learn not only how to work the computers but even how to program these machines.

Home Economics

This year Home Economics offered a wide variety of classes. Sewing for Profit helped out the film-production class by making a beautiful Santa suit and the class has been swamped with orders for clown dolls. Over 100 of these dolls were sold at various gift shops this year.

The Food for Profit class makes possible all foood served in the cafeteria. It had been a long time since food has been served.

Home-Ec. also studies nutrition, child development, textiles, and ranges on as far as personal relationships.

Business, Aids and Library

Many new assistants have been added to the office staff this last year. Not only do the aids learn the skills of filing but they also come in contact with school administration and parents. The person in charge of these students is Mrs. Kish who keeps track of the strict system of the attendance policy. Along with the office aids the elementary aids travel back and forth to the schools and help teachers with papers and the class itself.These skills of getting along with others can nly be learned from experience

Business courses seem to be more popular than ever this year. A 'certificate of proficiency' is given in addition to a high school diploma if a student completes all the courses offered in a certain area. Every year community corporations sponsor about 20 sophomores and juniors for attending a Business Week conference held in Washington state. Kids from all over the state learn the basic principles of the private enterprise system. The conference is held each year at Central Washington University.

This being the first year that the school has been complete and a whole many of the students have begun to take advantage of the library. Last year many students took refuge from the construction in the new spacious library. But for now the library is still a good place to study and relax after a long day of hitting the books. Not only can you gain knowledge from the books on hand but you can also find a variety of easy reading.

C.J. Pierce let s himself go in the library where everybody can be themselves.

Drivers Education

Drivers Education prepares all the sweet sixteen year olds for the big test. Starting in the Peninsula College parking lot students then move on to country roads and then finally freeway driving. Learning how to pump gas is also a factor.

Not only do the students benefit from this experience but they gain valuable information in the procedures of automobiles and their abilities.

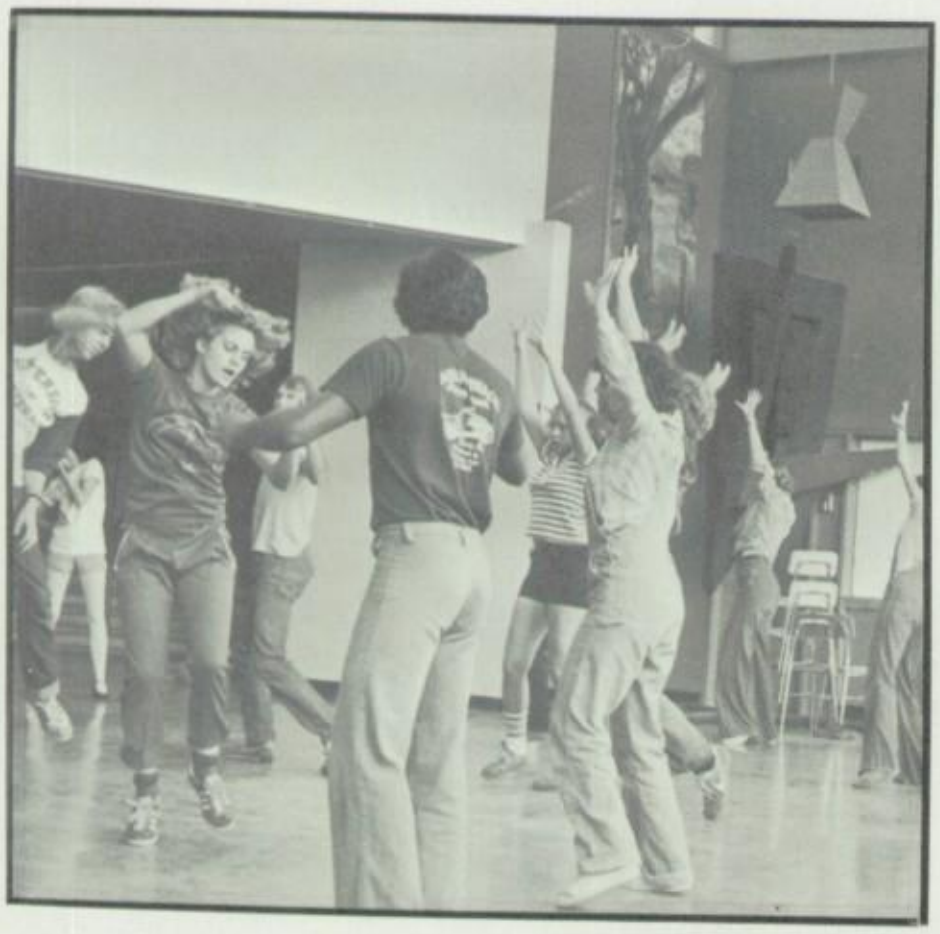
and

History

This year the social studies department pushed closer to current events such as the crisis in Iran, the Presidential race, and a sharp focus on your rights as a citizen. These classes had many goals which encourage students to learn about their own nation and those countries which have come into bright perspective with us.

Along with studying the world events and the serious side of the news these classes also studied many different cultures customs and experience a genuine Hawaiian luau.

Physical Education



High School is the time to get in the lifetime habit of fitness. This year physical education got off to a slow start with the gym under construction - there were classes dispersed elsewhere. Now we have two beautiful new gyms with a special area for gymnastics classes and practices. Courses vary from power-weightlifting and volleyball to bowling and swimming. All classes are co-educational and taught by an inspiring staff.

Auto Mechanics

The Port Angeles Senior High School has a wide range of classes in the trade and industry department. Auto mechanics, auto body, and welding, machine carpentry. Classes will train so once graduated from high school a student can go straight into apprenticeship. Each year mechanics sends a student to a national competition and for the last eight years.

Art

Art is based on developing a creative mind and providing an avenue for self-expression. An art class this year painted the windows of dowtown stores with christmas decoration. Calligraphy was a very popular class in the last two years, and this special class sometimes helps school clubs with lettering for their posters..

The Varsity Football team had a super season, their record for the season was " 4-1 in league and 5-4 for the season. Mr. Bagby, head coach of the team qated " It would have been easy for the boys to quit but instead they came back to prove they were winners by winning their last 4 games and fighting their way to the top of the league".

Jeff Austin is one of the running backs on our Roughrider team, he had a super season along with the reat of the team. Jeff ran the ball for a totle of 830 yards for the season, that is top record since 1963 which was set by Clarence Coleman who ran the ball for 760 yards. Congradulations Jeff and the team for a tremendous year.

The Roughrider Volleyball team had another outstanding year ending with a 13-3 record and the Seamount League West Title.

Veteran Co-Captains, Kristy Hopkins and Stacy Machon were helped out by transfer students Vicki Hallberg and Andre Melville. Lori Johnson, Bina Rodriguez, and Mindy Merrill, another junior, came off the bench to relieve starters Rene O'Kelley, JoAnn Bowman and Terri Randall to provide a total team effort.

The Rider girls did well in their first year in the Seamount League. Coach Dolly Sadewasser attributed their success to their closeness as a team. "The girls got really close. It helped them to pull together as a team."

The Rider season ended one game away from state in a tough loss to Fife High School 15-10, 15-12. Joni Fischer and Theresa Duffy moved up to play varsity in District play.

Front Row: Jennie Hendry, Ann Ripley, Tammie Tice, Kary Hahn, Sherry Hollis, Amelia Andaleon, Kae Hassinger, Shelli Anderson.

The girls soccer team had an exciting season this year with 8 competetive games. Although the win loss record was lopsided the team stayed enthusiastic throughout the season. With the help of the two coaches, Mr. Lee and Mr. Rittenhouse, and some of the more experienced players, the young team learned quickly and their improvement showed as the season wore on. The Rides will have a very strong soccer team in the years to come.

Cross Country

The 1980 Roughrider Cross Country team enjoyed a successfull season under their new coach Jeff Coulter and assistant coach Gene Rimov. The ardorous regime of daily training was broken by frequent trips to the Elwha Valley, Dungeness Spit, and Hurricane Ridge in order to reap the benifits of a variety of terrain. Saturday morning breakfasts, hosted by parents of the team members, carried on the long tradition of the "Cross Country" family. Despite a slow start as a result of losses at the Edmonds and Shoreline Invitationals at the beginning of the season, both the men's and women's teams placed well in the Western Divisional Championships. The meet was hosted by Port Angeles and held at the Salt Creek Recreation Area. The women's team placed third and qualified for District competition behind North Kitsap and Olympic High School. They went on to place ninth in the West Central District meet held at Evergreen High School in Burien. The men's team placed fourth behind North Kitsap Central Kitsap and Bainbridge. During the dual meet season the men's team had their first victory in two years with a win at home over Bainbridge, while losing to Olympic Central Kitsap and North Kitsap. The women's team won meets against Central Kitsap and Bainbridge but fell short against Olympic and North Kitsap. The men's JV team improved all season long and won meets against Central North Kitsap and Bainbridge. Coach Coulter expressed satisfaction with the results of his first season of coaching, "With such young men's and women's teams, I think we did extremely well. Everyone improved over the course of the season and if their off season training is consistant, we will be better than ever over the next few years."

North Kitsap jumps the gun

This year the girl's swim team had a tremendous season with 13 wins, 1 loss, and one heartbreaking tie. The best record the girl swimmers ever had. Under the vigorous training of Don Fairbairn and Jack Grantham, the girl's placed 5th in the regional standings and sent 5 girls on to the state championships at the University of Washington.
The medley relay of Ingrid Nixon, Mary Butler, Shelley Slack and Lori Knight placed 16th in the over all competition, while backstroker Nixon and Breastroker Butler placed 12th in the finals for 100 yards of their events. Krista Scott did a great job in diving, where the competition was very stiff. Shadowing the state meet, was the sudden illness of Mr. Fairbairn and many thanks to Jim Rice for filling in for him during his recovery.
This year showed good performances by all, what was lacking is quantity, was made up for in quality. Congratulations kids!!

This year the boy's swim team extended their string of wins to fifty-four straight. During the season the boys performed like a real team and showed that they not only had good sportsmanship but the will to strive for greatness. During the season many new school records were broken and most of the times were very close to being made. Eight of the swim team members made it to state competition this year.

Bret Kallberg placed tenth in the diving and was the only rider to place in the top ten. Jens Quistgaaurd the team captain, set a new record for the school in the breaststroke and placed tweveth in state. Also Dylan Honnold, J unior place well in the five hundred free and the two hundred yard freestyle. The other members of the swim team that participated in state were: Brad McNeill, Ed Waud, Kyle Thompson, Kraig Kyllo, Scott Butler. Congratulations guys on a great season and best wishes for the future.

Tracey Lannoye

This years annual staff worked hard to meet all deadlines. The group got everything together, all class pictures, all sports, anything to do with the school, and organized it into this annual. Students and teachers will hold them for years to come. Thanks to Tracey Lannoye, editor-in-cheif, everything ran smoothly. We would also like to thank our advisor, Mr. Ross, for without his help this annual would not be.

STUDENT GOVERNMENT

The Student Government is an organization of the students of the Port Angeles Senior High School. A meeting is held twice a mont. From each homeroom class a representative and an alternant are selected to represent their class at these meetings. Allof the problems that arise in the school are discussed. The representatives then return to their respective classes and have a discussion on what has happened at the meeting.

The advisor attends all meetings to help clarify any points that are not clear.

JUDGE- Jens Quistgaard

Defence Attorney: Fred Zoesch
Prosecuting Attorney: Dylan Honnold
Assi-Procecuting Attorney: Bryan Suits

HONOR SOCIETY

Honor Society has been very busy this year with many activities. Some of these activities include helping with the blood drive,tutoring, having Mariner tickets for students with a Grade Point Average of 3.2 and don,t forget Outstanding Senior. All of this couldn,t have been possible without the help and organization of Advisor Mr. Drain, President Paula Hunt, Vice President Scott Johnson, Secretary JoAnn Bowman and Treasurer Ed Waud.

Membership in the club means readiness to serve the school whenever needed. Some such services are grounds, policing the rear doors on the gym during basketball games, sweeping the basketball floor between the preliminary and the main game, serving good at G.A.A. banquets, and ushering visitors around the school during vocational and college conferences. Plus much more.

Dear Stephanie,
Well girl we made it all these years, can you believe it. I think its great. Weve had alot of good times over the years hopefully there will be many more. I feel priveleged to be the first to sign this thing- Just thought Id let you in on that bit of info.
I know weve had stress in our time but we always came out of it friends, I mean who wouldnt have stress being friends with someone like you for 15 years. Ya know Im just kidding & I want you to know that I'll always be there for you. Even though I'll be leaving for a few years, I'll be back & If you dont keep in touch I'll be really pissed. Weve still got this summer to screw off - & were going to have a damn good time in Indiana! I cant wait!
I'll always remember the good times weve had - alot of partying and alot more to come. Weve got a few more to attend pretty quick that should be alot of fun. "Graduation Night" for instanse. It all seems to have went so fast girl. Sometimes I wish we could go back and start all over, but I guess thats what were doing. We'll be doing our own thing pretty soon but the friendship we have will never end. I want to wish you the best of luck in your future. I hope you & Chuck can work all your problems out and be happy together. I know you can! [redacted] This is really a bummer. When I started this you were still going out, but I hope you work your problems out any way. I want only the best for you in your future so please take care of yourself. Write me lotsa letters while Im gone, Im really gonna miss ya!

I love ya alot (Goodles)
